ANNOUNCEMENT

This is the sixteenth consecutive annual spring show and sale at this point. These sales have been made popular by Mr. H. C. McKelvie of The Nebraska Farmer. They furnish a market where farmers, ranchers and breeders of purebred Shorthorns can assemble to select herd bulls. These are offered in sufficient numbers and in high enough quality to justify the attendance of the man who wishes to improve his herd.

The consignors are all producers and are men of the highest character. All of these cattle are being sold by the men who produced them, not by speculators. These producers are in the business of cattle breeding permanently and their guarantees mean what they say. You are safe in buying at this sale.

Frequently buyers want to get away as soon as they have done buying. We want to accommodate all we can in emergencies of this sort but remember, we must be fair to the men who have cattle to sell and we can't be with a lot of confusion in settling during the sale. Therefore, we shall not have any settling done until after all of the bulls are sold, which will be early in the afternoon. and then the clerk will be found in an office just south of the sale where settling, shipping directions, health releases, etc., can be taken care of without any disturbance to the close of the sale. Col. Henderson, in charge of clearing the cattle when sold and Frank Anderson, clerk of the sale, will be in this office and can give all the information needed to get settlements made and cattle out without coming to me.

WILL JOHNSON.

Shipping Information

FREIGHT RATES—It has been the custom the past few years to devote a page in the catalogue to freight rates. This was done to inform buyers on the half rate applicable to shipments in less than car lots. This rate had been running on this basis in one year periods until December 31, 1926. At that time the carriers renewed the half rate and did not put on any closing date for it and we are, therefore, led to believe that it will be continued indefinitely. This has been a fine thing for the breeders of purebred cattle and horses and no one can justly stay out of the market on account of freight rates for less than car lot shipments, regardless of distance, as the present rate is reasonable.

The following estimates for freight charges, if shipment goes all the way over the same system, are approximately correct. One animal, either bull or female, will cost a minimum of \$7.00 for any distance. This applies up to 50 to 60 miles. From 60 to 110 miles, \$8.00 to \$10.00; 110 to 225 miles, \$10.00 to \$15.00; from 225 to 450 miles, \$15.00 to \$20.00. Add about a half more for two head and about double the above amounts for three head. If a transfer is made from one road to the other the rate is a little higher as it is on a basis of two locals, but one-half of the first class rate of the two locals applies.

We aim to have the rate quoted on the contract when shipment is made. In case this quotation is not acceptable to the local agent of the buyer and any controversy should arise between a buyer and his local agent, upon arrival of a shipment, the buyer is urged to write to the Sale Manager promptly. We have no difficulty in getting rates satisfactorily adjusted when taken up in the right way.

Guarantee endorsed by The American Short-horn Breeders Association

1. Proper care shall be given by purchaser to protect breeding qualities and health of animals.

2. All bulls guaranteed breeders. A bull shall not be allowed to serve when under fourteen months of age or be allowed to run with herd when under twenty months of age.

3. Cows with own calves under four months of age by side are considered proven breeders. All other cows and heifers sold as single lot guaranteed breeders, except calves sold by side of dam as one lot and heifers under sixteen months of age at time of sale. Heifers shall not be served for first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled, must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale shall be promptly reported.

4. Any animal not proving up to foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, but the seller may, if he desires, have the animal returned for retrial for a period not to exceed six months. The expense of freight and maintenance in such case is to be paid by the seller. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, then the purchaser shall be given the option of having purchase price refunded without interest or of accepting a substitute as stipulated above, salvage to go to the seller.

It shall be understood that the same guarantee given on the first animal shall likewise apply upon any animal later substituted.

5. All animals are sold subject to a sixty-day retest for tuberculosis, or to comply with laws of state into which they may be shipped. Animals shall be segregated from buyer's herd until retest is made, except herd be a Federal accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State veterinarian deputized by State veterinarian, who is cooperating with Federal veterinarian and qualified to do accredited herd testing. Purchase price to be promptly refunded upon proof of reaction and return of animal, except purchaser shall agree to accept a substitute.

6. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after close of sale and without trouble to the purchasers, but at their risk of loss or injury.

TERMS—Cash, except other arrangements are made with consignors before the sale.

It shall be expressly understood that sale manager assumes no liability, legal or otherwise, and that the above guarantees and terms shall constitute a contract between the consignor and purchaser of each lot.

His character is superb, and he is just the kind that is sure to sire top calves. His dam is a nice roan and one of the best daughters of Double Dale. The dam of his sire is a full sister to one of the two bulls that sired the reserve champion load of feeder calves at the Denver Stock Show a few years ago.
